

QUICK START GUIDE

Display Evaluation Kit

C_HBZ9.5

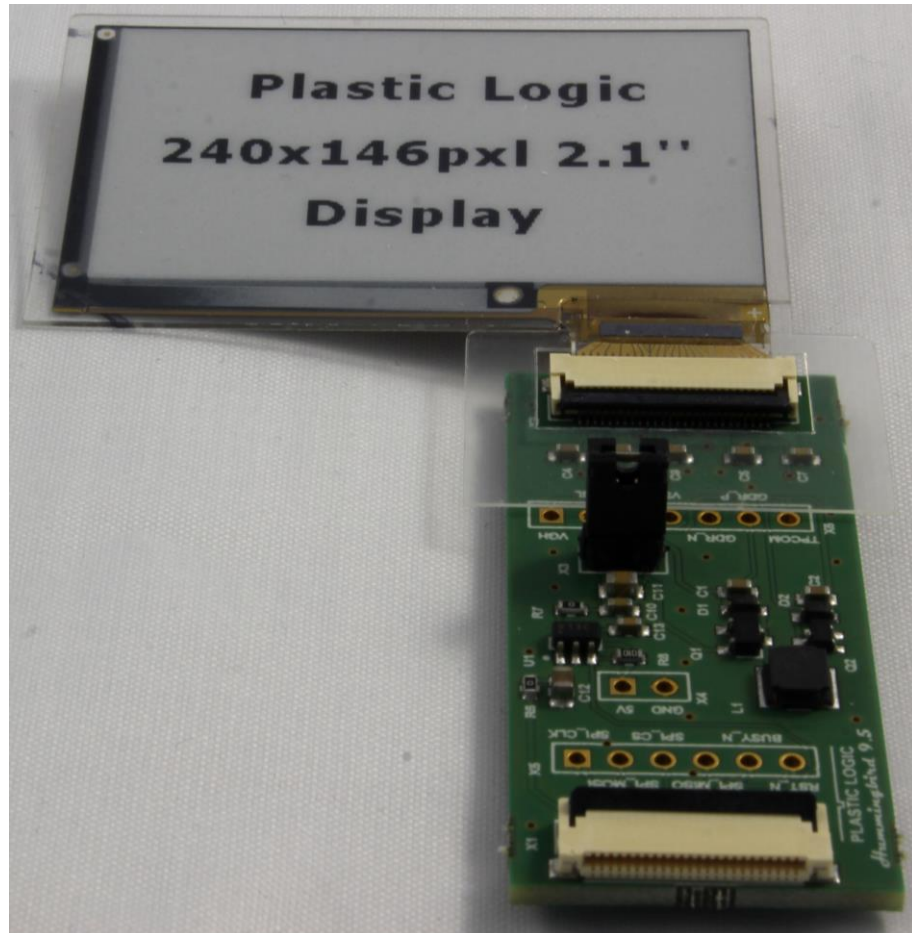

Part-No. 301013

Connection Hints for S021_T1.1 with HBZ9.5

PLASTIC LOGIC

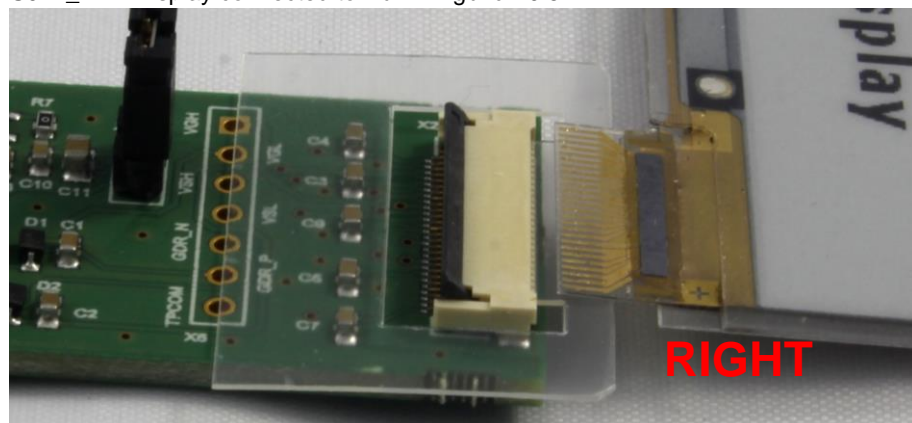

As described in the M_T430U Quick Start Guide connect the Display to the HBZ9 and then to the Parrot Board through the 24 Pin flexible flat cable.

Ensure proper connection between the display connector and the display by placing the spacer sheet between HBZ9.5 and the display.

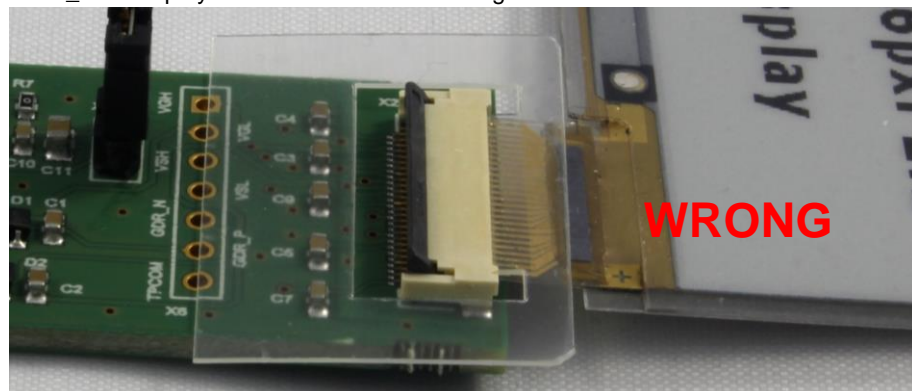

S021_T1.1 Display connected to Hummingbird Z9.5

Place the spacer sheet on the HBZ9 and put the display connector **ON TOP** of the spacer.

S021_T1.1 display connection detail – working stack

Do not place the display connector tail under the spacer sheet. This will not work!

S021_T1.1 display connection detail – **not working stack**
